

Connecting Students and Employers Through Advanced Video Interviewing

StandOut® is a video recruitment platform that uses advanced cognitive computing and AI to connect students to employers faster and easier than ever before. Students can use the platform to interview for jobs and internships at their convenience as well as conduct practice interviews to boost their confidence.

Practice Video Interviews

- Utilize the latest video technology to scale your mock interview programs
- Create customized interviews or choose selections from our extensive video library
- Students can practice and improve their interviewing skills with ease

On-Demand Interviews with Employers

- Immediate connections to employers when students interview for positions through video
- Students can present their human qualities, including enthusiasm and knowledge, up front instead of only their resumes
- Interviews can occur anywhere at the convenience of students without scheduling or traveling

Career Advising and Mentoring

- Career advising and mentoring capabilities through the platform without scheduling or traveling

No Cost Pricing

- Free usage for your entire campus community (students, alumni, staff, and faculty)
- Create unlimited practice interviews
- Generate revenue for your institution upon successful hiring by employers
